Foreword

It is our hope that this book will help you to recall the mental apathy of early morning lectures, the animation of Tuck, the infectious gaiety of Campus life, and the atmosphere of spirited intellectualism which prevails at a university. But may it also remind you that the virtue of knowledge is measured by its thoughtful and intelligent application.

Upon our shoulders clearly rests a share of the responsibility for national security by the perpetuation of effort towards international good will and freedom for all mankind. It is, therefore, fitting that this publication should pay tribute to an institution dedicated to relieve the World from the scourge of aggression . . . The United Nations.

Dedication

Through troubled days many men of many nations have groped for a spirit of unity. The genius of brotherhood, if nurtured and fostered, can insure World peace by reaffirming faith "in fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women of nations large or small."

It is our fortune to live in an age which can determine whether the spirit of brotherhood is to prevail, or whether it is to die, a lame and impotent force. To realize the former is the challenge of the men of today. May we accept it gratefully and meet it with all the power and determination at our command.

So that the ideals of the United Nations may remain untrammelled it is still necessary to keep collective armed vigilance; and it is to the men who have the eternal optimism, courage and inspiration to lead in all phases of the struggle toward a World brotherhood, that we humbly dedicate this book.

"The imaginative emotion which an idea, when vividly conceived, excites in us, is not an illusion but a fact, as real as any of the other qualities of an object." (John Stuart Mill: Autobiography)

It is only fifty-two years since the First Hague Conference. In this century men have come to realize that war anywhere affects people everywhere; and fear of war has led nations to seek security in collective action and international co-operation.

But the First Hague Conference did not halt the armament race, and the nations proceeded to war in 1914. The League of Nations did not stop the invasion of Manchuria and of Ethiopia, or the Second World War. The United Nations did not prevent the invasion of South Korea in June 1950, and has not eliminated the fear of a Third World War.

The universal consequences of war today provide only one illustration of the inescapable interdependence of people in the twentieth century. Eventually enough people in all nations will experience a vivid conception of one world and a common humanity; and effective international action will be built on the imaginative emotion which this idea excites.

"It is nineteen hundred years since Christ said 'Thou shalt love thy neighbor as thyself.' I wonder how many more years it will be before people begin to think that this was sound advice."

(Bertrand Russell: United Nations WORLD Magazine, November 1949)

GEORGE FREDERICK McNALLY,
M.A., LL.D.

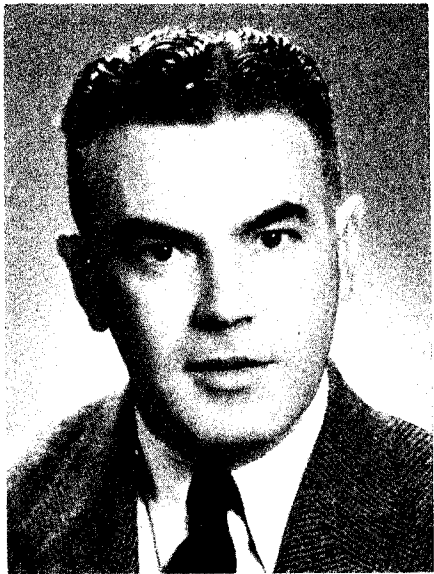

Dr. McNally, who holds degrees from the University of New Brunswick, University of Alberta, and Columbia University, was the Supervisor of Schools for Alberta from 1918 to 1955, when he became Deputy Minister of Education. As Chancellor of the U. of A., a position he has held since 1946, Dr. McNally is Chairman of the Senate and an ex-officio member of the Board of Governors. As senior officer of the University he confers all degrees.

Upon graduation from Dalhousie in 1924, Mr. Macleod was admitted to the Nova Scotia bar, but not long after he came west to practise law in Hanna, Alberta. For the past twenty-three years Mr. Macleod has made his home in Edmonton. He was appointed K.C. in 1941. In his present position as Chairman of the Board of Governors, he is active in all administrative affairs of the University.

WALTER H. JOHNS,
B.A., Ph.D.

Dr. Johns graduated from the University of Western Ontario in 1950, and lectured for some time in Victoria College, University of Toronto. Four years later he received his Ph.D. from Cornell then followed four years teaching at Waterloo College. He came to the University of Alberta in 1958. Dr. Johns is now the Executive Assistant to the President.

Provost

HARRY T. SPARBY,
B.Sc., M.A.

Following seven years experience as public and high school inspector for the Alberta Department of Education, Mr. Sparby became Provost of the University of Alberta from which he had graduated in 1955. As Provost his duties include the general co-ordination of all campus activities.

Registrar

GEOFFREY B. TAYLOR,
M.Sc.

Mr. Taylor, a graduate of the University of Alberta, and a veteran of the First World War has held the position of registrar for the past twenty-eight years. During this time he has watched with keen interest and enthusiasm the growth and development of the University of Alberta.

Students'

From the moment the solitary freshman was welcomed at the C.P.R. station by the Golden Key Introduction Committee in September, until the last strains of the home waltz died away at Color Night, this past academic year illustrated a remarkable increase in interest by the student body in extra-curricular activities. The most notable example of this expanding interest was evidenced by the greater use made of the facilities available in the Students' Union Building.

It has often been bemoaned that there is a lack of "spirit" on this campus. Whether or not this is true depends upon your personal definition of this intangible factor called "college spirit." If it be bands and raids and cheering, then perhaps we do not have enough of it, but if it be widespread activity and consistent success by every organization under the auspices of the Students' Union, then perhaps we have our fair share of it.

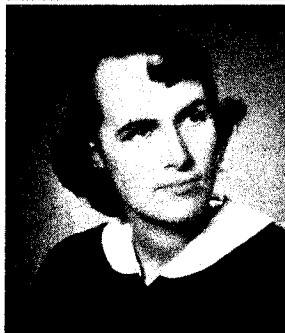

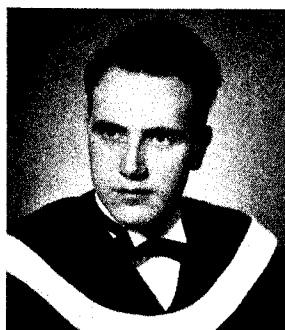

I would like to extend my appreciation and that of the Students' Council to the many students who so willingly volunteered their time to make a success of the numerous enterprises sponsored annually by the Students' Union. Their efforts made the task of student government a very pleasant experience. The members of Council join with me in extending to each and every one of you the very best wishes for success in the future.

Preparing for Christmas

Wauneita Christmas tree

The 1951-52 season proved to be another successful year of Wauncita activities. In the beautiful pine-panelled Wauncita Lounge, campus life began for the freshettes with a series of coffee parties. Later, during the first week, a formal tea was held, and by this time each new girl had become a member of the Tribe "Wauncita" through participation in an impressive initiation ceremony.

The capacity crowd that attended our annual Wauncita Formal, the "Blue Rhapsody Ball," again saw just how well girls can entertain. The Christmas White Gift Party was looked forward to as an opportunity to give some thought to those who are less fortunate than ourselves. This year's joyous atmosphere and festive mood was a welcome relief during exams. In January the Wauncitas took part in the Waw-Waw dance which was thoroughly enjoyed by all present. To climax the year, graduate Wauncitas returned in March to their Alma Mater to be the guests of their younger sister Wauncitas at the annual alumni tea.

The enthusiastic Wauncita Executive and Councillors met regularly to plan their own activities and often to share in the plans of other groups. It is the hope of this Society that among the women students there is greater unity of purpose as a result of close co-operation amongst its members.

Golden Key Society

The Golden Key Society is composed of eighteen members appointed by the Students' Council for their outstanding contributions to the extra-curricular life of the campus. The purpose of the organization is to honour certain people who have been active in campus functions and have done outstanding work and, at the same time, form a group closely related to all campus organizations, thus eliminating the necessity of a social directorate.

The two major functions of the Golden Key this year were Freshmen Introduction Week and Alumni Homecoming Weekend. The former was perhaps the most successful in the history of the particular function. Due to the lack of interest in the latter function it has been dropped from the list of student activities on the recommendation of the Golden Key Society.

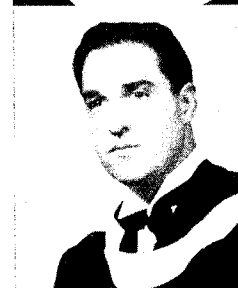

In this, its third year of existence, the Golden Key Society has carried on the traditions set for it in previous years, contributing much to campus life.

Evergreen

From time immemorial it has been the unquestionable right of editors to complain and the 1951-52 Evergreen and Gold editors found much upon which to exercise this privilege. With a budget so small that it took the treasurer two weeks to find it, the first month was spent in juggling figures to keep costs at an absolute minimum and the final result up to its usual standard. Lowered enrollment and greatly increased publishing costs left a negative balance and many were the long sessions spent by Director Lettich and Producer Housez before a plan of action was drawn up.

In contrast to such depleted funds an enthusiastic staff began work to meet early deadlines.

Much credit is due to the Director, Mervin Lettich, who, although new to the Evergreen and Gold was able to foresee many circumstances which might hold up production and by his efficiency and keen interest kept his staff working harmoniously. His righthand man, John Francis,

was an able assistant having had experience on last year's edition. The editor, Lois Badgley, was also able to advise on procedures of previous staffs.

Particular mention should be made of Zonia Thachuk and Peter Kutney who capably produced the immense Student Section. Another large section involving considerable time and effort was the Clubs Section, edited by Edna Drake.

The entire staff is grateful to the Photo Directorate, under the leadership of Harold Reid, who goodnatureddly handled all our photography orders, short as their notice often was.

Nerv was once heard to say, "Heck, it's nothing to be a director. All you have to do is scowl at people!" His scowl was never very formidable but apparently it could accomplish much. And this is the result. It's yours to keep and enjoy and ever remind you of one happy year of your life. The temporary "one-a-week" schedule established last Spring to offset staff difficulties was abolished this year until Christmas, but the same difficulty forced a return after New Year's.

Staff difficulty was absolved for the first term, with Louise Wilkins, John McPhee and Doug Fitch all providing trained assistance to Dale Newcombe in getting the paper out on the bi-weekly schedule.

The two senior editors retired after Christmas, leaving the paper in the capable, but unassisted hands of Doug Fitch. He then appointed a new staff to take the responsibility and they carried on in fine style for the second term.

Controversy was aroused by the Gateway on several issues, storms of letters descending on the office in protest against an anti-French article "Call It Treason" and a report of student dissatisfaction with the new Rutherford Library.

Appointed Day Editors for the term until Christmas were Doug Fitch, Friday Editor and Bill Wilson, a freshman, as Tuesday Editor. Under their care were Bill Pidrudney and Hugh Lawford, News Editors. With an excellent staff of reporters, making up in quality what they lacked in numbers, the Gateway appeared with some of the best writing ever to appear in its pages.

The change of staff at Christmas leaves the paper in a novel position with regard to the yearbook, since at that time it was never known just who will succeed to the minor editorial positions.

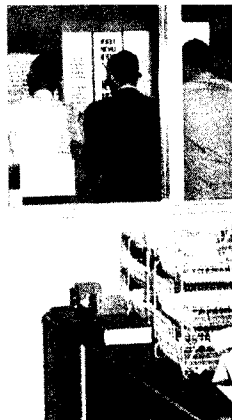

The retiring staff offered their congratulations and their condolences to Doug Fitch on his appointment, then walked out the door and left him with the responsibility for the preparation of the new staff.

The Gateway was forced to operate on a strictly limited budget this year, as did many other Union functions, but did not feel as tight a strain as was expected early in the year, even managing to turn in a surplus at the final accounting.

HAROLD REID
Director

With the beginning of our second year in the Students' Union Building, plans for an improved and expanded photography section got under way.

A major departure from tradition came when we used some of our flash bulb finances to purchase a Repeating Flash unit. We have been very pleased with its performance to date, especially when it was found to be capable of covering basketball. The purchase of a couple more lights and stands marks what we hope will become a studio in the near future. Council is being approached in this matter at the time of writing and we hope to have the use of one of the conference rooms as a studio to help lighten our job of supplying the required Yearbook and Newspaper pictures.

Our major task for this year is the drafting of a constitution for the directorate. At the time of writing it is still in the formative stages, but it is hoped by next year to have a Professional Adviser and some system of training for new members.

Our staff this year is eager and willing to work toward making the Directorate a body with a high reputation and as near a professional group as Varsity life will allow.

STET

Stet is an annual publication of the Students' Union. Its purpose is to give encouragement to any literary ability that might exist on the campus.

In its five years of publication it has made itself a reputation as an outlet for good writing. Unfortunately its reputation as a source of good reading has been a great deal lower. As a result, the fortunes of Stet have been as varied and uncertain as those of an orphan in a Dicken's novel, though it is hoped that Stet's future will be just as promising.

On November 8 the race was over. The thirteenth annual Students' Union Telephone Directory was distributed to the outstretched hands of members of the Students' Union. The reason for the eagerness of the students to receive their copy, is that the "phone book" is FREE, and there is not much else around this campus to which this almost forgotten term applies.

This tremendous job of typing (the L's were typed four times due to late registration) and proofreading, was done by a flock of hard working babes who wanted to see the list of male students before it was published. They did, and for the rest of the year were the most popular girls on the campus.

CLASS HISTORY

cornerstone for the new library just before it was to be laid; another incident adding to the unsolved mysteries of the campus. Club 50 was staged by the fraternities with such success as to be succeeded by Club 51 and Club 52 and has promised to become an annual campus event.

By 1950-51 the campus had assumed more of its pre-war atmosphere. The pressure of enrollment and facilities was gradually abating. A new era in the University history began. Dr. Stewart succeeded Dr. Newton as president of the University Administration. More and varied social activities, including the House Ec. Fashion Show and the Fraternity Songfest, appeared. Gateniks, bogus Gateways and Engineers' Gateways became memorable issues of "Edmonton's Second Newspaper." While the Engineers held their Ball without opposition, the Lawyers turned to pork for the featured evening of their Valenswine Ball. Early in the term the spirit of Apathy pervaded the campus until that happy day when it was buried by the Ags and "Parson Klufas" with appropriate pomp and solemnity.

However, all activities were overshadowed by the official opening of our prized Students' Union Building marking the end of a long period of wishful thinking, planning and exhaustive effort on the part of both students and faculty. It was a goal which we are justly proud to have achieved and the beginning of what we hope will be an era of constructive progress.

This past year was first highlighted by the opening of the Rutherford Memorial Library, a vast and welcome change from the crowded regions of the Arts Building. In the social sphere the scene has been a bright one. The field of athletics has inspired more than the usual interest. Internationally we have broadened on the campus by the goodwill tour of Austrian Students. Parents' Weekend has marked the largest and most strenuous public relations undertaking of the Students' Union.

For some years now the students of this campus have been particularly fortunate in having a succession of able and energetic student leaders. Our president, Peter Loughheed, has been no exception, and his capable leadership will be difficult to surpass.

With deep regret the Class of '52 has mourned the loss of several of its promising students. Yet they, too, will continue to live in our memories.

Students in future years will face problems similar to ours—whether or not to abolish the class system in favor of a faculty division; how to arouse interest in the general budget meetings; how to polish up the Gold Key. The reappearance of football on the campus and the progress of "Stage Two" will form a plank in many an election platform yet. But these will be subjects for future historians.

Our Varsity career has witnessed changes of great import—changes in building construction, changes in curriculum and social events, changes in faculty and administration. But the greatest change of all is in us, the students. We have completed the requirements for a University degree. We are leaving a life which was intended not only to prepare us for a means of making a living but also to prepare us to live with others. We are no longer the men and women of tomorrow. We are now the men and women of today. May our future years be successful and happy ones.

Class Historian, VI KING.

ONCE again it is time to add another chapter to the history of the graduating classes of the University of Alberta. Perhaps to others it will be a repetition of the histories of similar classes but to the Class of '52 it will be a recollection of many fond memories and experiences.

Do you remember Freshman Week? Perhaps you were initiated as a cowboy, or were you an Indian? Or did your head extend into a beautiful point under a dunce cap? It was a week of bewilderment—a series of dances, teas, smokers and rallies, and full of activity. There was the problem of deciphering the map of the campus and the experience of realizing that every face one saw was a new one. Then gradually we settled into the routine of Varsity and discovered with each passing day that Varsity might be a lot of work but it could also be a lot of fun.

Each year has been highlighted by activities which are annual successes. The Wauneta Ball, the Bar-None, the Mixed Chorus, have always been received with enthusiastic response. Color Night, too, has always proved to be a memorable event. In addition, the University Symphony and Studio Theatre have increased activity with a large measure of success. Campus athletics have played an important part in our Varsity life. We have always had good reason to be proud of the teams which represented us in Intervarsity sports; and Intramural sports are ever popular. Election campaigns have been forceful and vigorous with plenty of keen but good-spirited competition.

However, each year has also been highlighted by its own particular events—some of them precedented; many of them unprecedented. The term 1948-49 saw the successful undertaking of the production *Romeo and Juliet*. The Professors stole the University Symphony show with their interpretation of the *Toy Symphony*. The Mock Parliament was dissolved indefinitely, and that glorious college sport, football, made its exit on this campus for a time.

"Kidnappings" were the favorite pastime in 1949-50 with the Artsmen and Engineers leading the way. *Alice In Wonderland* was featured by the Drama Society. Gateway headlines told of the stealing of the

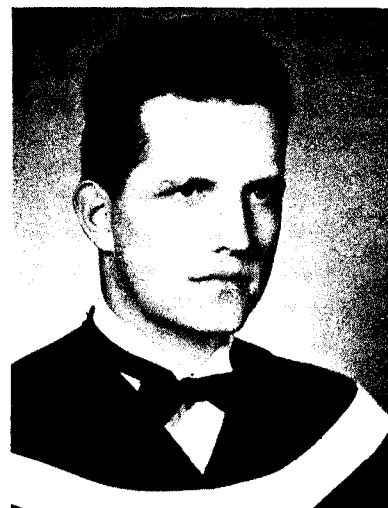

VALEDICTORY

THERE is something about a farewell, no matter how short or how temporary it may be, that always causes the heart to miss a little beat and a lump to rise in the throat. Not that they are always sad, indeed they may be the contrary, but there is a uniqueness about a farewell which cannot be adequately described.

When we left high school we were setting out to conquer the world. As we leave college, let us hope there is more of a humility in our outlook. Let us hope we have not used our University merely as a technical training ground, which it was never meant to be. The technical knowledge we acquire is important, in fact it is often neglected in the lofty aims and hopes of the idealist, who likes to forget, at times, the drudgery and steady plugging which precedes any real accomplishment; but it should be remembered that it is only one part of a real education. I have taken courses I was sure had nothing to offer me but if they have offered me nothing else, which in itself is doubtful, they have taught me to apply myself to an unpleasant task. A happy frame of mind is not so much in doing what we like as in liking what we do.

Let us hope we have learned to adapt ourselves to varying conditions; to meet all kinds of people and get along with them, indeed to understand them and respect their opinions and viewpoints; to be prepared to take an active part in the activities of our communities and our country, to be good citizens. It is to us the world looks for leadership, let us not fall before the mast, but accept our responsibility with courage, determination, tolerance, love, ambition and, yes, humility.

Above all let us hope we have learned to think for ourselves. We must be prepared to reason logically and rationally and hence draw our conclusions based on solid premises. Our judgment was given to us that we might use it. Let us use it wisely, but diligently, that we may formulate our own ideas; by synthesizing our ideas to formulate our philosophy; and by formulating our philosophy, our own philosophy, that we may develop and maintain our individuality. John Stuart Mill expressed it very nicely: "If a person possesses any tolerable amount of common sense and experience, his own mode of laying out his existence is the

AL ANDERSON
Valedictorian

best, not because it is the best in itself, but because it is his own mode," and again, "A people stops progressing when it ceases to possess individuality." A nation can be no greater than the individuals composing it.

No matter what profession we enter when we leave college, we will be missionaries, or teachers if you like. There is no greater need in the world today than the need for *good* teachers. To be good teachers we must have a genuine interest in both those we are teaching, and the subject we are trying to teach. I mean a real genuine interest, an enthusiasm. To me enthusiasm is the factor that can take the drudgery out of a task and raise it to the level of accomplishment.

University life contains an odd mixture of events and characters. We, at the University of Alberta, have had a great many facilities at our disposal; enough certainly to provide us with ample opportunity for development of most of our interests and talents. Most of us, I'm afraid, have failed to take advantage of most of them. We have witnessed a period of rapid growth on our campus, with a period of even faster growth on the horizon. We, as students, as graduates, owe a debt of gratitude to our instructors, our legislators, our fellow students, and of course to our parents. May we always remember that the family unit is the backbone of society. May we always remember fondly, our Alma Mater, and be ever proud of it, and may we always so live that it may be proud of us. May we always justly feel that not only did it contribute materially to our lives, but that we have contributed to it. It has been a happy time of life, and so, as my heart skips a beat, and with a lump in my throat, I again bid—farewell . . . and Thank You!

The Students' Council promoted another highly successful summer session by sponsoring extra-curricular activities, fostering student spirit and good fellowship.

Business on the executive's full agenda varied from passing radical constitutional amendments to making the recommendation to future councils that consideration be given to the purchase of a portable electric fan to be used in various rooms in the Students' Union Building.

The Council also voted two hundred dollars from the summer school surplus to be used in the installation of a cooling system in the Mixed Lounge.

SUMMER ACTIVITIES

SPORTS

W. EDE

The summer sports got away to an excellent start under the direction of Mr. Bill Ede and Miss J. Gardiner. However the keen competitive enthusiasm for the outdoor sports was somewhat dampened by the daily showers. Since the fastball finals were not played, the championships were awarded to the teams with the highest number of wins. The indoor sports, unhampered by the weather, proceeded on schedule. The table tennis tournament in the games room of the Students' Union Building created high enthusiasm not only among the competitors but also among the spectators.

THE RUTHERFORD LIBRARY

DR. NEWTON UNVEILS THE MURAL

On May 15th the new Rutherford Library was officially opened, and 1951 Summer School students were the first to enjoy its new services. The Library contains 150,000 volumes, but has accommodation for future growth up to 300,000 volumes.

This handsome four-storey building provides service for all the schools and faculties of the University. The Faculty of Education has also its own departmental library in the Education Building. The Applied Sciences Reading Room for the Faculties of Engineering and Agriculture, seating 150 readers, is on the ground floor. The Medical Reading Room, seating 80, the Law Library, seating 126; and the Reserve Reading Room with accommodation for 100 are on the first floor.

On the second floor is a large Delivery Hall containing the main circulation desk, and the main card catalogue. Opening from the Delivery Hall is the Main Reading Room seating 265 readers. Above the doorway is the handsome mural painted by Professor H. G. Glyde of the Fine Arts Department which depicts scenes and incidents in the history of the province.

The Library also contains a newspaper and periodical reading room, a projection room for the showing of films and slides, a small art gallery and museum of Western Indian relics, and a music listening room where concerts of recordings are given during the late afternoon.

FLORENCE BOYER

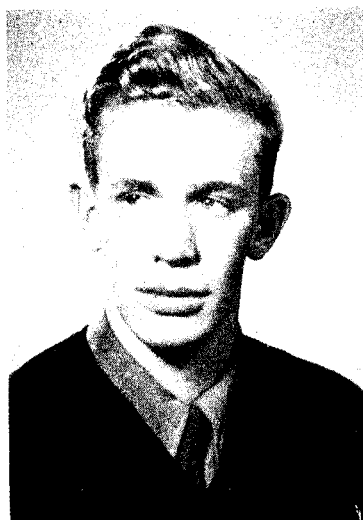

This year the Drama Society turned to the lighter side of life to present "The Importance of Being Earnest" by Oscar Wilde. This stylized bit of impudence was directed by Eric Candy who, with his vast experience and first hand knowledge of England and her customs, led the eager dramatists toward a creditable performance and a lot of fun.

Two one-act plays were also attempted this year, but due to many and varied unforeseen circumstances it was not possible to stage them. However it is hoped that the idea of a one-act festival will not be forgotten for it gives the more experienced actors and technicians a chance to try their wings.

On the whole, in spite of the usual trials and tribulations the stage-struck students had plenty of work, valuable experience, and scores of wonderful memories.

The Lutheran Students' Association was organized at the University of Alberta on January 5, 1947. The purpose of L.S.A. is to stimulate and sustain students in using the Bible, in practising and sharing the Christian faith, to promote true friendships among its members and to aid the Church here and abroad.

The program of L.S.A. includes weekly discussion and study groups with student worship services. Socials, parties and service projects also form an important function. Our L.S.A. is affiliated with the Lutheran Students of America, which participates in the United Students' Christian Council and the World Student Christian Federation.

The Hillel Club is one of many such groups sponsored by the B'nai B'rith to foster cultural, social and religious activities.

The program included brunches, music appreciation meetings and guest speakers, including Dr. Hardy, Dr. Rowan and Bernard Cherrick, the Registrar of the Hebrew University at Jerusalem. Weekly lectures were given on such topics as "Judaism and Comparative Religions" which were sponsored by Counsellor Rabbi Wollson. A student-published newspaper, "The Hillelight" is a noteworthy feature of the club.

The Hillel Club participates in Hillel conventions; this year's will be held at the University of Saskatchewan. The members are active in joining with other religious groups during Brotherhood Week.

The University Musical Club has extended its presentation of Sunday Musicales to the third Sunday of every month. The Mixed Lounge of the Students' Union Building has provided an excellent setting, and though the concerts have been informal, they have maintained the high calibre of musician-ship characteristic of Musical Club concerts.

Artists who have appeared are: Eva Saito, pianist; Jeanne Rogers, soprano; Arnold Murray, flautist; Jocelyn Rogers, pianist; John E. Allin, baritone; Betty Ann Eck, pianist; Kay Buchanan, soprano; Margaret Ann Brine, pianist; Dollyanne Thachuk, violinist and Zonia Thachuk, pianist.

The Christmas Concert featured the University Symphony Orchestra and the Choral Club under the direction of Professor Eaton. A capacity audience enjoyed the presentation.

It has been the objective of the Musical Club to present talented students on the campus in concerts for the general enjoyment of those who appreciate good music. From the enthusiastic support given by the audiences, it has been judged a decided success.

Varsity Christian Fellowship

Vitality and spiritual warmth have been the keynotes of V.C.F. activities this year. A program designed to meet the spiritual needs of the students as well as provide Christian fellowship has been adopted.

The good times of the Fall Conference during the Thanksgiving weekend were measured not only in terms of food and fun but also in terms of personal challenges from the Bible as our staff member, Ian Rennie led the discussion groups.

The biggest event of the year came during the Christmas season when sixteen of our members boarded a bus for Urbana, Illinois to attend the V.C.F. International Missionary Conference. The theme was, "By All Means—Proclaim Christ."

The other activities of the year included daily prayer meetings, weekly Bible study groups, bi-monthly general meetings, monthly missionary meetings and hymn sings as well as socials, bikes and skating parties.

The showing of the film, "Hidden Treasures," the operation of the Book Exchange and the honouring of the graduating students with a banquet were highlights of the year.

At the beginning of the term an attempt was made to restore the parliamentary forum as a feature of campus life. However the move was apparently premature; student interest was not sufficiently high and the attempt was given up.

The Political Science Club has continued to fill its function of acquainting students with the political and economic programs of the various political parties. Speaking time has been granted to representatives of all the organized parties. Of special interest was the mass meeting at which Mr. George Drew, M.P., Leader of The Opposition, in the Federal Cabinet, was the speaker.

The second annual Fashion Show on October twenty-fourth was a highlight of the season.

The first Household Economics float in several years appeared in the football parade in the form of a review of fashions from the very old to the latest in college attire.

Ray Enright was House Ec. candidate for Mardi Gras king.

The annual Household Economics formal "Evening in Paris," the big event of the year was held in Athabasca Hall and concluded a busy year for club members.

The 1951-52 term was another very successful year for the Newman Club. Over two hundred members enjoyed active participation in the many and varied activities which included Christmas and Valentine dances. The club's slogan, "Sunday night is Newman night" was a reality with pleasant socials every Sunday evening in the club-rooms at St. Joseph's College. Sleigh-rides and skating parties were also much enjoyed by the Newmanites.

A special activity held this year was the "Marriage Course" consisting of panel discussions lead by senior students. A Retreat was held which was conducted by Father Elmann. Guest speakers were present on several occasions.

The Education Undergraduate Society has long been noted on the campus for being extremely active in promoting and aiding student affairs within the faculty.

The year's activities began with the Frosh Welcome Week and dance which were much enjoyed by all. Weekly films, instruction in ballroom and folk dancing were sponsored by the organization. In the field of sports, both men and women participated keenly in faculty and intermural sports.

As in other years, Student-Faculty Nights were successful thanks to the work of the Student-Faculty Relations Committee.

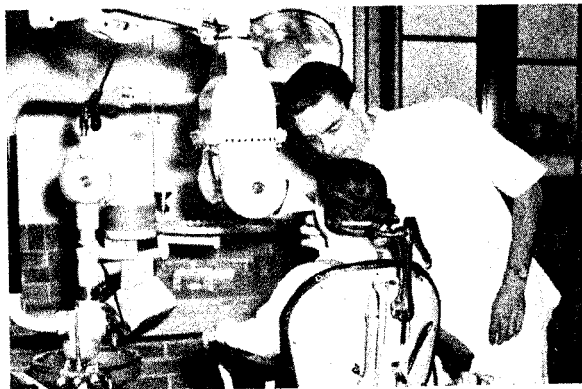

Among many well-attended dances was the novel "Chinatown" held in November at the Drill Hall. The annual Graduation Banquet and Dance was held at the Macdonald Hotel.

The highlight of the years' social functions was the annual banquet and dance held at the Macdonald Hotel in the spring. Several smokers and individual class gatherings were also arranged during the year. Dent teams also participated in such sports as inter-faculty hockey and basketball.

Twenty-four active members were enrolled in the 51-52 session. Instruction and recreation were combined in films shown every week. Social activities included dances sponsored by the Edmonton Flying Club to which all members were invited.

The club represents several air-minded students, many of whom obtained their wings this year. They have logged over two hundred flying hours, a great credit to themselves and to the club.

The University Student Radio Society has had a very successful year. A large membership enabled us to broadcast many Varsity functions such as basketball and hockey games, Wauneita, Mixed Chorus, and the Engineers' Ball.

Every Thursday night was Varsity Night over CKUA when such programs as E.U.S. Show, Fraternity Show, Campus Report, and Sports Review were featured. These audience-participation shows from Mixed Lounge SUB each Thursday night were concluded by dancing to the music of Command Performance. Lectures on the various technical and production aspects of radio proved to be worthwhile to the members.

The climax of the Radio Society's year was the organization by Doug Williamson of a fifteen-piece Radio Society orchestra.

THE OUTDOOR CLUB

The Outdoor Club has had another successful year. It was a booming year in many ways, but especially in our increased membership. We now have a club of forty instead of four. As a result, our activities have also increased. Among these were the sleigh ride in October, the House Dance, and the Sports Weekend in February.

Along with other developments we have a new ski hill, which may look a little dangerous, and a new toboggan slide which is dangerous.

Memories of these activities, the fun at the afternoon work parties, and the regular weekend meetings, will be happy ones for members of the Outdoor Club.

The Law Club, noted for its participation in many facets of campus activity, experienced another interesting and enjoyable year under the guidance of Andy Demco and his committee on social affairs.

The Law Club presented four noteworthy functions: the annual smoker, the Law Club Formal, Banquet, and of course the Valenswine Ball. Like the Engineers, the Law Club selects three outstanding beauties who are given the honor of running for the position of Law Club queen. Last year the candidates were of the Porkus family—but before the Club's "Porkus Regina" could be chosen, the Engineers were threatening complete annihilation of the entire Law Club. However, Justice triumphed and a similar contest was sponsored this year, the biggest and best in all respects.

The Debating Society counted 1951-52 as successful, despite its major disappointment in the McGoun Cup Debates. A capable, hard-working executive guided the various activities. Over forty members participated in the Hugill Cup inter-faculty debates, when most teams debated at least twice. Several Debating Unions were held, one which turned down free education, and another well-attended one at which the house never got a chance to vote. "Resolved that the Engineering faculty be abolished from the University."

Members of the McGoun team were Louis Desrochers, Garth Fryett, Don Andrews, and David McDonald. Though most of the Society's support came from the lawyers, the end of the year foretold a greater general interest in the manly art of debating.

INTERNATIONAL RELATIONS CLUB

The International Relations Club expanded its activities from functioning solely as a means for introducing speakers to the campus to serve as a means for stimulating active student interest in international affairs and in the most urgent problem of today: peace. A study group was initiated which met bi-weekly to discuss topics relative to prevention of war. The slogan of the group was "Work for Peace or Wait for War."

The Soviet-Canadian student exchange was taken up and interest in it was promoted in all the faculties. In addition, discussions were held on the proposals before the United Nations for maintaining peace.

Among the speakers brought to the campus were John McRea of the S.C.M., Mme. Walakowski from Poland and Sam Michuik, leader of the Canadian delegation to the Berlin Youth Festival.

Another good year for the Commerce Club has come and gone. Activities began strongly with a very successful Bankers' Ball in the Students' Union Building early in the fall and carried on well through to the annual formal in the Macdonald hotel with Dean J. MacDonald as guest speaker.

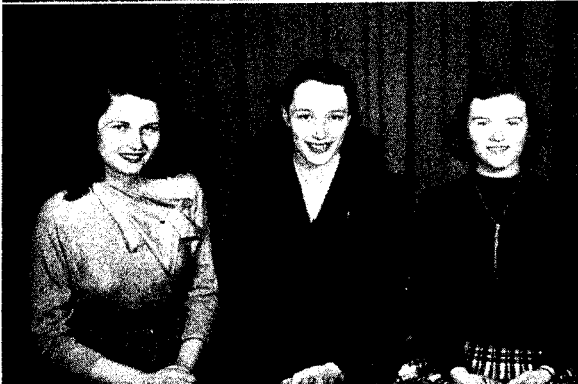

The newly initiated "Buddy System" this year teamed up first-year students with their older second-year counterparts. This System's trial run has definite possibilities of continued success in future years.

EXECUTIVE
ALYS TREIL, SECRETARY; MARGARET SMITH,
BUSINESS MANAGER; MAVIS FITZPATRICK,
PRESIDENT.

The chorus of creaks and groans which issued forth from Athabasca Gym every Wednesday evening were not, as some people supposed, the result of foul play. Rather, it was the fifteen members of our Ballet Club getting in shape for further action.

Under the direction of Elaine Fitzpatrick, a graduate of our University and former member of the club, the future ballerinas soon limbered up and by February twenty-second were ready for their annual spring performance. This year's presentation consisted of selections from the classical ballet "Giselle" and interpretations of "Rhapsody in Blue." An added attraction was a number never before produced on the stage. It was entitled "The Purple Llama" and was inspired, no doubt, by an item which appeared in the January Gagway.

The Club's actual membership may have been small but the training and enjoyment received by these enthusiasts more than warranted its existence on the campus.

Public Speaking Club

EXECUTIVE
BOB KERR, MR. J. MCINTYRE, DOUG FITCH, TERRY DUNN.

The Public Speaking Club experienced one of the worst years in its history in Alberta during 1951-52. After a good start in October with a membership of over twenty-five, interest in the club slowly dwindled and meetings were discontinued after Christmas. Reason for the lack of interest was chiefly due to the fact that meetings had to be held in the evening and many students were unable to attend at that time.

While in operation during the fall term, the club afforded its members an excellent opportunity to improve their public speaking ability. The Students' Union tape recorder was used very effectively by the members to enable them to hear themselves as others hear them. The annual heckling night was also held during November.

For the sixth year John McIntyre, an Edmonton businessman, served as critic for the club. His helpful criticisms were greatly appreciated by the members.

The Agriculture Club has completed another successful year in contributing to the social and athletic life of the students. The Aggies played a prominent part in such athletic activities as soccer, boxing, skiing, basketball, and hockey.

This season's Agriculture Club "Visitor's Day" was held as a feature of "Varsity Guest Week End" which successfully presented our University to a large number of Albertans.

The "Harvest Hop" opened the season's social life. The Ag. Smoker, the Informal Dance, the Banquet and Formal, all added to the busy season's social whirl. The term was brought to a conclusion by the western-style, gala Bar-None.

The one hundred and thirty members of the University Mixed Chorus found this a busy year. In addition to the annual concerts, the Chorus participated in many other events.

Alumni members joined their forces with those of the regular Chorus this fall, to greet Princess Elizabeth and the Duke of Edinburgh with song. Later, Chorus members aided in the Church Service held at Alumni Homecoming.

The last week in January saw the annual concerts again presented in Convocation Hall with great success, followed immediately by two concerts in Calgary. A few weeks later, an enthusiastic Camrose audience heard the group. The Chorus also entertained at the annual Parliamentary Banquet.

At the time of the death of King George VI the Chorus assisted at Memorial services held for the late sovereign. Members were called upon, too, to make recordings of "God Save the Queen" for the use of local radio stations.

Such activity does not stop with the end of the school year. With the assistance of the Cultural Activities Branch of the Department of Economic Affairs, a tour of Northern Alberta was held immediately following final exams. Although there have been four spring tours of Southern Alberta, this was the first time that the Chorus had travelled north.

The passing this year of Mr. J. W. E. Markle, our honorary president for the past several years, brought sadness to all Chorus members. As well as a great friend, Mr. Markle was a constant help and inspiration to us; we miss him very much.

SYMPHONY ORCHESTRA

Conducted for the second year by Arthur B. Crighton of the Music Division, the University of Alberta Symphony Orchestra has enjoyed another successful season.

The Orchestra is an established "old timer" on the campus. Its parent body, the Philharmonic Society, has been active as long as the Evergreen and Gold itself.

At this year's annual concert in Convocation Hall during early March, the programme included a Sinfonia by J. C. Bach, two overtures—La Gazza Ladra by Rossini, and The Merry Wives of Windsor by Nicolai, and the well known Eine Nachtmusik by Mozart. Soloists in other works were Dave Murray, flautist, O. A. Olson, baritone, and L. H. Nichols, organist. A week later the orchestra travelled to Red Deer for a concert sponsored by the Quota Club. At this performance, Jocelyn Rogers appeared as soloist in the Grieg Piano Concerto.

A. B. CRIGHTON, CONDUCTOR, IN ACTION

In addition to these major undertakings, the Symphony participated in a number of other campus events. The annual concert of Yuletide music was presented in the Students' Union Building under the auspices of the University Music Club. Seats were at a premium for the programme and it promises to become a tradition on the campus. The orchestra joined forces with the University Singers under the direction of Professor R. S. Eaton to perform Vaughn William's "Fantasy on Christmas Carols."

At the annual Civic Banquet and at various recitals throughout the year, orchestra members were the mainstays of the featured entertainment.

Social events are an important part of the orchestra's activities. Highlighting this year's "Holiday for Strings" were a Halloween masquerade party, a skating party, and a banquet which brought to an end a successful year of good music and good fun.

The Pharmacy Club romped through another year of spirited activities which included as well as regular meetings, several parties, dances and keen participation in interfaculty sports. The annual Pharmacy Ball held at the Macdonald Hotel on February 1st provided a smashing climax to the social season so capably handled by the newlywed, Mrs. Hagen.

When the club was not in session or at the Tuck Shop, the reins of leadership were entrusted to the honorary members, Director Huston, A. J. Anderson, J. R. Murray and D. N. Strilchuk under whose influence a relatively painless acquisition of knowledge was received. The faculty are great supporters of the club and their efforts in making 1952 such a successful year were appreciated.

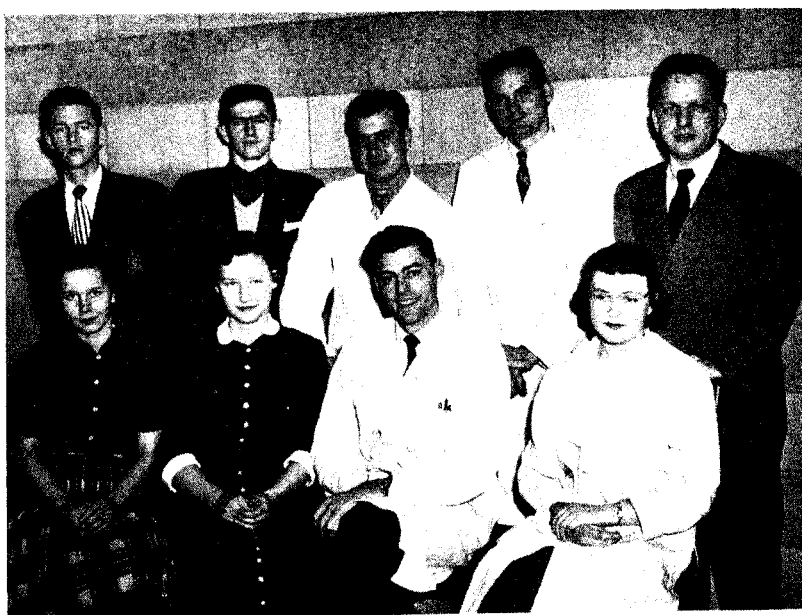

Once again the hockey team was a potent combination of Pharmacy and Dentistry stalwarts. Having suffered losses in the finals for two years, the boys are flashing vengeance in their eyes. At the time of writing they are still in hot contention and cries of "Bring on Education" are in vogue. Bill Skakum is manager, coach and speed merchant for the team.

Not so bright was the basketball picture in '52. Pharmacy seems to have produced hockey teams at the expense of basketball these past two years. Nevertheless, credit is deserving to those dogged hustlers of the Hoopla Court that are making the name of Pharmacy synonymous with "fight."

Following Convocation, graduating students will be encouraged to take advantage of the invitation extended by the Parke Davis Company to tour their manufacturing plants in the Eastern United States.

A STUDYING MOOD—VERY RARE

The Macleod Club is an organization for the nurses of the University of Alberta, whether they are in their three years of training or attending the University in the five-year course. Through the Macleod Club many activities are carried on. This year the House Committee and the Club were responsible for the new social privileges obtained, a great gain in any nurse's life. Capping ceremonies in June and February proved exciting events for both students and parents.

The highlight of all social functions was the Graduation Dance held in March. The new auditorium was an ideal place for such events as "Broomstick Ball," and "Frosty Frolic," as well as more strenuous activities such as badminton, volley-ball and basketball. President Joan Timmins and her executive can very well be proud of a successful year for their club.

The 1951-52 year saw more activities sponsored by the M.U.S. than in any previous year. In a social way, the Meds had a most successful Fall Dance at the Trocadero with two hundred couples attending. The highlight of the spring session was the banquet and dance held at the MacDonald Hotel.

Several general meetings were well attended. "Aspects of General Practice," and "Student Opinion of Medical Education at U. of A." were two of the panel discussions. Dr. Rawlinson was guest speaker at one meeting, giving an entertaining talk on "Poetry in Medicine."

The year culminated in the two performances of the third annual "Merry Meds" show with a large cast of meds and nurses ribbing Medicine in general, and Doctors in particular.

Charming Shirley Lawrence reigns as 1952 Queen of the Engineers. Over eight hundred persons, engineers and their guests, attended the ball and vowed allegiance to our lovely monarch. The coronation highlighted the dance which in turn climaxed a week of intense activity including Queen campaigns, ball preparations and publishing of an Engineer's Edition of The Gateway. The display which won the "Godiva Goblet" as best on show was that of the miners—an operating model of a mine.

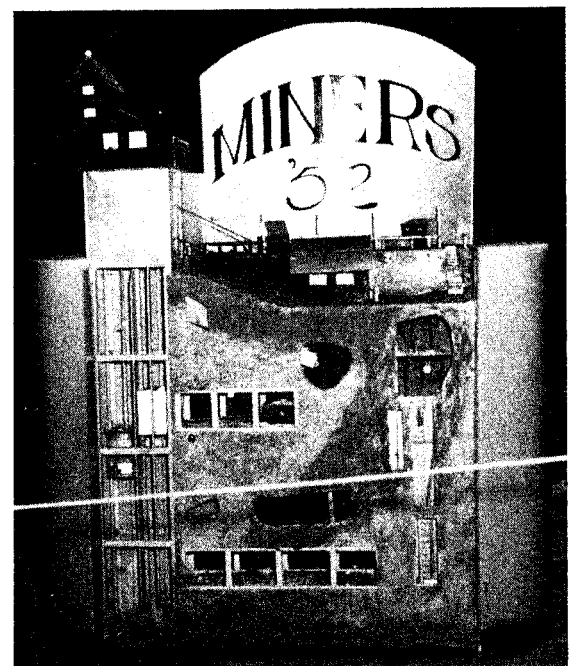

Other activities through the year ranged from informal dances in S.U.B. to kidnapping five candidates for Mardi Gras king and pelting Law Students with tomatoes at the "Mock Trial." In sports, engineers claim the Soccer trophy as the only competitors able to field a team. Hockey and basketball saw keen competition although no honors were won.

Books and examinations closed the 1951-52 University year for the Engineers, about a month before the other faculties signed off so that the Engineers were able to enjoy spring survey school during April.

UNIVERSITY NAVAL

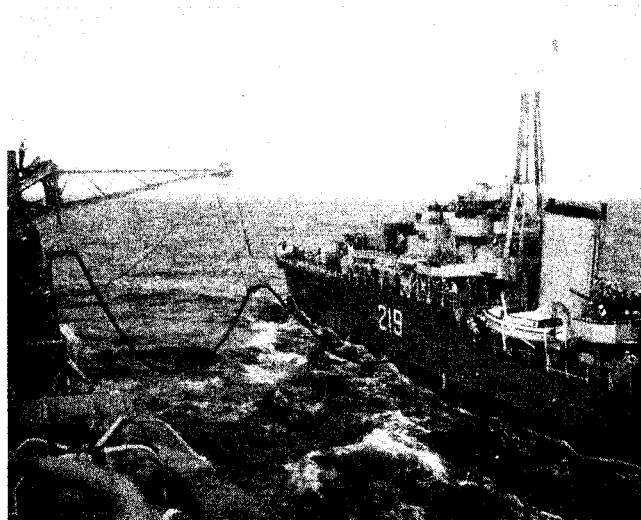

Morning Divisions . . . With the shrill note of the Bos'n's pipe still echoing through their sleepy thoughts, the bugle call brings them fully alert and the cadets fall in for morning divisions.

Cruise Completed . . . Cadets shown leaving their ship on completion of a training cruise.

Control Position . . . The U.N.T.D. cadet shown above is receiving orders from the bridge and in turn is regulating the speed of the ship through his station.

Fueling at Sea . . . The cruiser "Ontario" fuels a destroyer during a southern cruise. Station keeping is an essential part of this exercise and here U.N.T.D. cadets get practical experience in seamanship.

TRAINING DIVISION

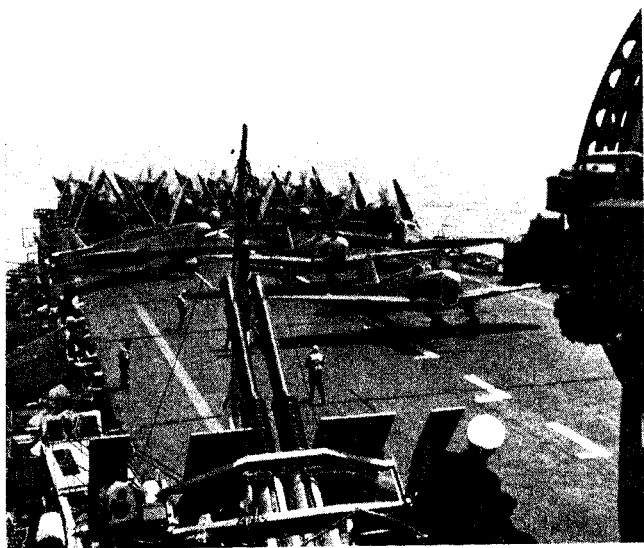

With the U.N.T.D. summer training programme successfully completed, and the Cadets once more pursuing their academic studies at Universities throughout Canada, many thoughts flash back to the exciting times spent during the past summer in latitudes of Hawaii, California, and the United Kingdom. But these thoughts must be replaced with other thoughts more closely related to the task at hand, namely, the spring finals.

Recruiting during the past winter has been very good. The complement of the U.N.T.D. (University of Alberta) was filled quite early in the term. Several of last year's Senior Cadets now sport S/Lts. braid, but they still linger within the U.N.T.D. fold. Soon, however, their gold braid will tarnish and our "old salts" will confidently take their place amongst their fellow Wardroom officers.

This winter saw several new faces on the Staff of the Commanding Officer, Lieutenant Commander R. E. Phillips. As second in command we have Lieutenant Commander W. J. McCorkell, late of the University of Saskatchewan and now a third year Med at the U. of A. Lt. R. Hurlburt with S/Lts. Jackson and Milner are officers honoured by being Term Lieutenants to the Cadets. This is a rather hollow honour as the Cadets have no immediate worries to seek advice on, the foreign ports being far afield. As Staff Officer the U.N.T.D. now has Lieutenant R. F. Lavack, who now can be found in the same office as the R.S.O.'s of the C.O.T.C. and the R.U.S. It is hoped that the coming year will find this Staff Officer busily engaged in signing on new recruits and it is also hoped that these recruits will be of the same caliber as their predecessors—the "old boys" of our graduating class.

Navigation . . . With the responsibility of command as the ultimate goal the U.N.T.D. training programme stresses all aspects of naval training. The cadet shown above is taking a "sun shot" as part of his navigational training.

Naval Aviation . . . As the carrier turns into the wind the deck handling party prepares the aircraft for take off. U.N.T.D. cadets can now take pilots and observers training and qualify as pilots or observers in the air branch of the Navy.

The Black Gang . . . Engineering in the naval service is stressed and U.N.T.D. Engineering students have ample opportunity to apply their theory in the complicated engine rooms of modern fighting ships.

CANADIAN OFFICERS' TRAINING CORPS

CONTINGENT OFFICERS:

Lt. Col. D. M. Healy, M.B.E.
Commanding Officer
Major H. J. Bishop, C.D.
Second in Command
Captain G. W. Reed
Captain A. T. Elder
Major J. E. Pincock—Resident Staff Officer
2/Lt. H. Thomassen,
Vice-President of the Mess Committee

At the commencement of the Varsity year ninety-seven Officer Cadets of the contingent returned to the University after four to five months training in various Army Schools, from Montreal to Vancouver. Twenty-six cadets qualified as First Lieutenants in the Canadian Army (Active or Reserve Forces).

During the academic year the cadets received lectures on Military Science, Military Geography, Military History and Law. These lectures and discussions were conducted by members of the University Faculty and by the Resident Staff Officer assisted by the Contingent Officers.

At the start of the second term the C.O.T.C. University Selection Board chose new applicants to meet the recruiting requirements of the Contingent. A short indoctrination course was held in February and March for this new group of Officer Cadets to prepare them for their first summer of practical training at the Army Schools.

The Officer Cadets of the Contingent continued to maintain a very high standard in their summer practical training with the usual good record of no failures.

Several informal social functions were held during the year in conjunction with the R.C.A.F. Reserve University Squadron in the Officer Cadets' Lounge in the drill hall. The Lounge also proved very popular on evenings when there was a dance in the drill hall.

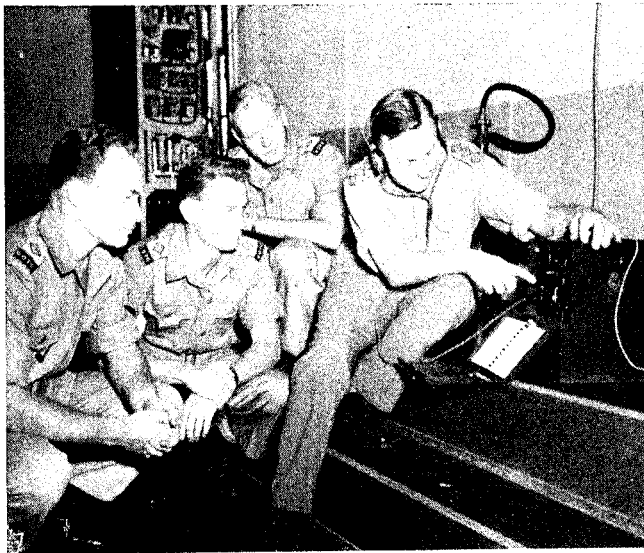

The C.O.T.C. continued to provide an excellent programme of training for students who wish to qualify for the King's Commission in the Canadian Army.

RESERVE UNIVERSITY SQUADRON

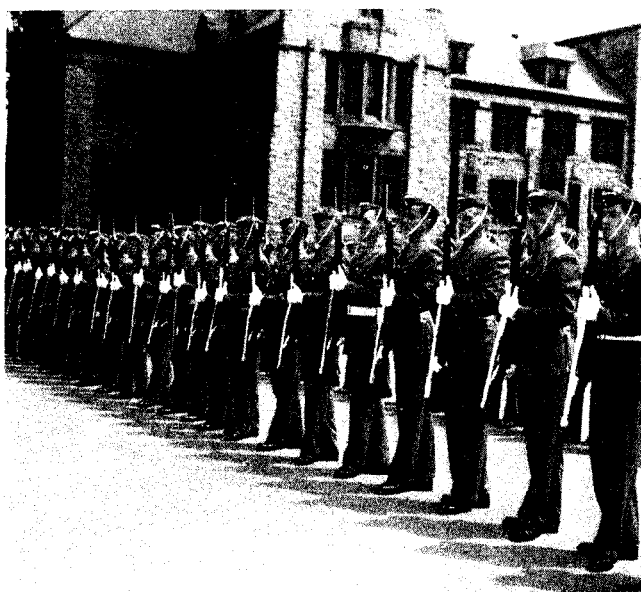

Squadron Leader L. E. Gads,
Commanding Officer

For the Reserve University Squadron, 1950-51, was a very successful term. Under the able command of S/L. L. E. Gads, assisted by F/L. A. B. Crighton, Adjutant, and F/L. J. H. Woods, Resident Staff Officer, an interesting winter lecture program was organized to which a number of senior RCAF Officers and several of the university professors contributed by appearing as guest speakers.

During the summer of 1951 approximately 70 Flight Cadets from the University of Alberta were posted to various RCAF Stations throughout Canada. The highlight of the summer session was probably the Reserve Officers School held at the Royal Military College, in Kingston, where first year cadets received an intensive indoctrination course. The motto "Work hard and play hard" definitely applied at this school and all the Flight Cadets attending were unanimous in the opinion that it was a very enjoyable summer. Specialized training in Aircrew, Aeronautical Engineering, Construction Engineering, Armament, Telecommunications, Administration, Accounting, Supply and Aviation Medicine were also given at other RCAF stations. On the completion of the summer's training 58 cadets from U. of A. qualified as Pilot Officers in the Primary Reserve.

At the opening of the 1951-52 term F/L. R. A. Wallace was appointed to fill the position made vacant by F/L. (now S/L. J. H. Woods, Resident Staff Officer.

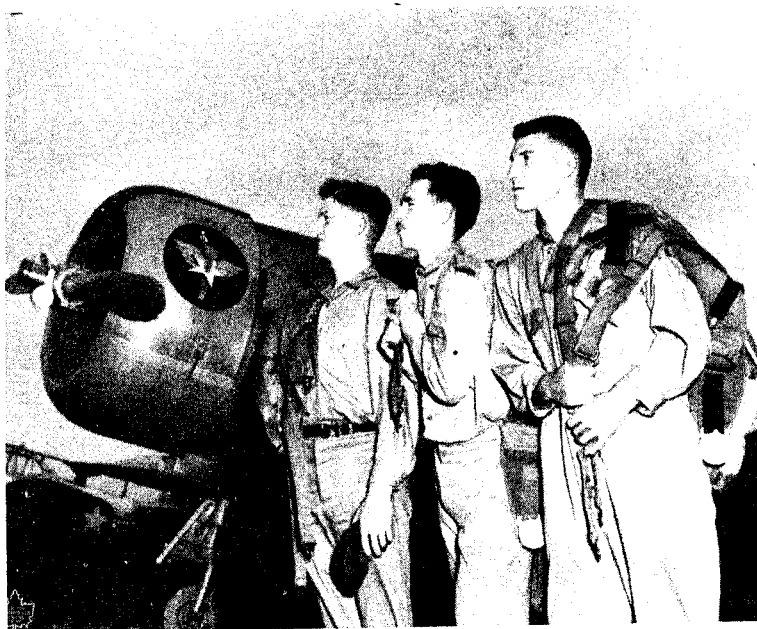

The Reserve University Squadron will undoubtedly continue its important function of developing qualities of leadership in university students and providing training which will fit them to serve Canada should the need arise.

GOLDEN BEAR HOCKEY

The University of Alberta Golden Bears had another successful year in the Western Canadian Intercollegiate Hockey Playdowns. The team was coached by Art Wiebe who was assisted by Don Smith, with Denny Ratcliffe and Hal Freeman as managers.

With such standouts as Ed Zukiwisky and Don Kirk on the offensive and a strong defense centering around net minder Bill McLean, the team carried Alberta's colors to five victories, one tie, and four losses.

The Bears retained the Hamber Trophy in a closely fought series with U.B.C. Thunderbirds in Vancouver but lost the much coveted Hardy Trophy to the University of Saskatchewan.

Volleyball, swimming and figure skating were the sports highlighted this year at Alberta's Inter-University Co-ed Sports' Weekend. The University of Saskatchewan girls journeyed to our campus for a three day stay from February 22 to February 24, in which time a varied and interesting program of events was carried out.

The volleyball competitions were played in a two out of three game series. The first game went to the Saskatchewan team who defeated the Albertans by two points. After an overtime period in the second contest, U. of A. emerged victorious, tying the series. The green and white squad won the close third game, earning Saskatchewan the Sam Landa trophy.

WEEKEND

The Varsity rink was the site of the figure skating competitions and the U. of S. co-eds emerged victorious with the Irving Kline trophy.

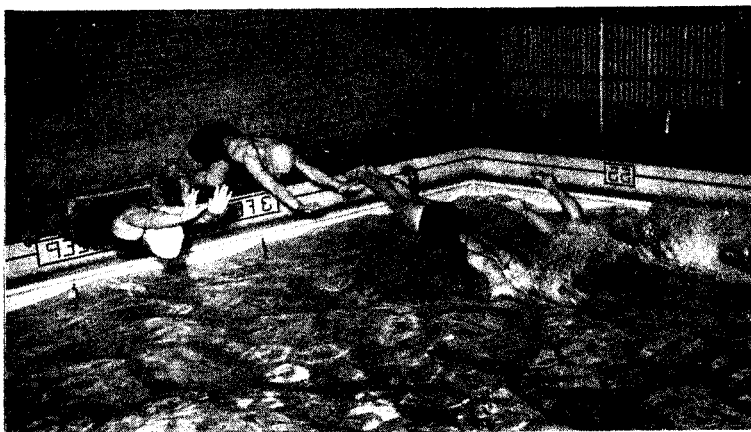

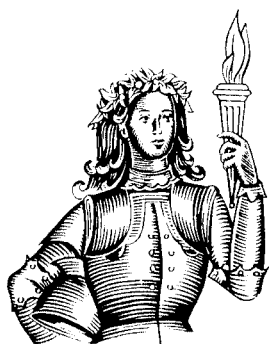

Cheering spectators at Victoria Composite swimming pool saw the U. of A. team swim to a victorious finish to win the Felstead Memorial trophy. The exciting meet featured races, relays, diving and synchronized swimming.

Presentation of trophies was made at the banquet on Sunday and the 1952 Sports' weekend came to a close Sunday evening with a coffee party in the Wauuncita Lounge.

It is hoped that the spirit of friendly competition which prevails on these weekends will soon be experienced by other western Canadian university co-eds.

THE PANDAS

The Pandas, U. of A.'s senior women's basketball team enjoyed a very successful season. Coached by Elaine Fildes they wound up in third place in the Senior Women's City Loop. The team returned from a trip to Calgary with two victories. The annual trip to U. of S. ended with Alberta losing a close two-game series to Saskatchewan.

With the experienced members of this team supplemented by the incoming Frosh "stars", next year's clubs should prove to be a real threat to the city loop.

Players and coach, left to right, back row: Miss Elaine Fildes (coach, Ellinor Cook, Nora Olson, Joan McFarlane, Evelyn Hage, Nita Mercer, Joel Mohan.
Front row: Mary Millar (captain), June Holman, Coleen Calhoun, Pat Waddington.

WOMEN'S INTRAMURAL AND INTERFAC SPORTS

SWIM CHAMPS, LEFT TO RIGHT: MURIEL CLAPP, ELLINOR COOK, GLADYS MCCOY, JEAN GRUSZ, MARILYN HUESTIS.

The Intramural program is organized so that as many girls as possible can participate in the athletics on the campus, and receive the maximum enjoyment from them.

This year a Unit system was started, whereby any group of athletic girls could compete for the Rosebowl. The maximum number of girls in a Unit was forty and each unit could enter as many teams as it wished in all events.

This year's winner was Physical Education which by the winning of the swimming, Volleyball and Badminton tournaments snared the honored first position. The Nursing and Delta Gamma Units ran very close in the second and third positions.

In the succeeding years, if this year's gratifying results are any criterion, there should be a great increase in participation and enthusiasm for the whole femme population of U. of A.

CUBS

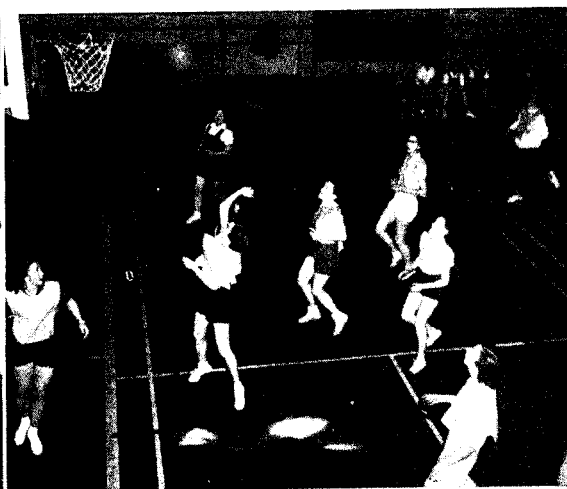

The Women's Senior Basketball League consisting of four teams saw considerable action throughout the season. The Cubs played hard and although they ended up in fourth position, were pleased with the results of their games. Their proudest moment was their victory over their big sisters, the Pandas, who are the U. of A.'s senior women's team.

The Cubs were also victorious in both their exhibition games with Red Deer and Calgary, playing in Red Deer one weekend and filling the hostess's position to the Education team from Calgary.

Thus was ended a very rewarding year for all the girls of the Cubs.

Back Row: JEAN GRUSZ, MURIEL CLAPP, JOYCE MATSON, MARGARET RECKNAGLE, NORA OLSON, ELLINOR COOK.
Front Row: MARION TRACY, JOLLY SMART, BETTY PORTER, SHIRLEY WILSON. Missing: PAT HARDY.

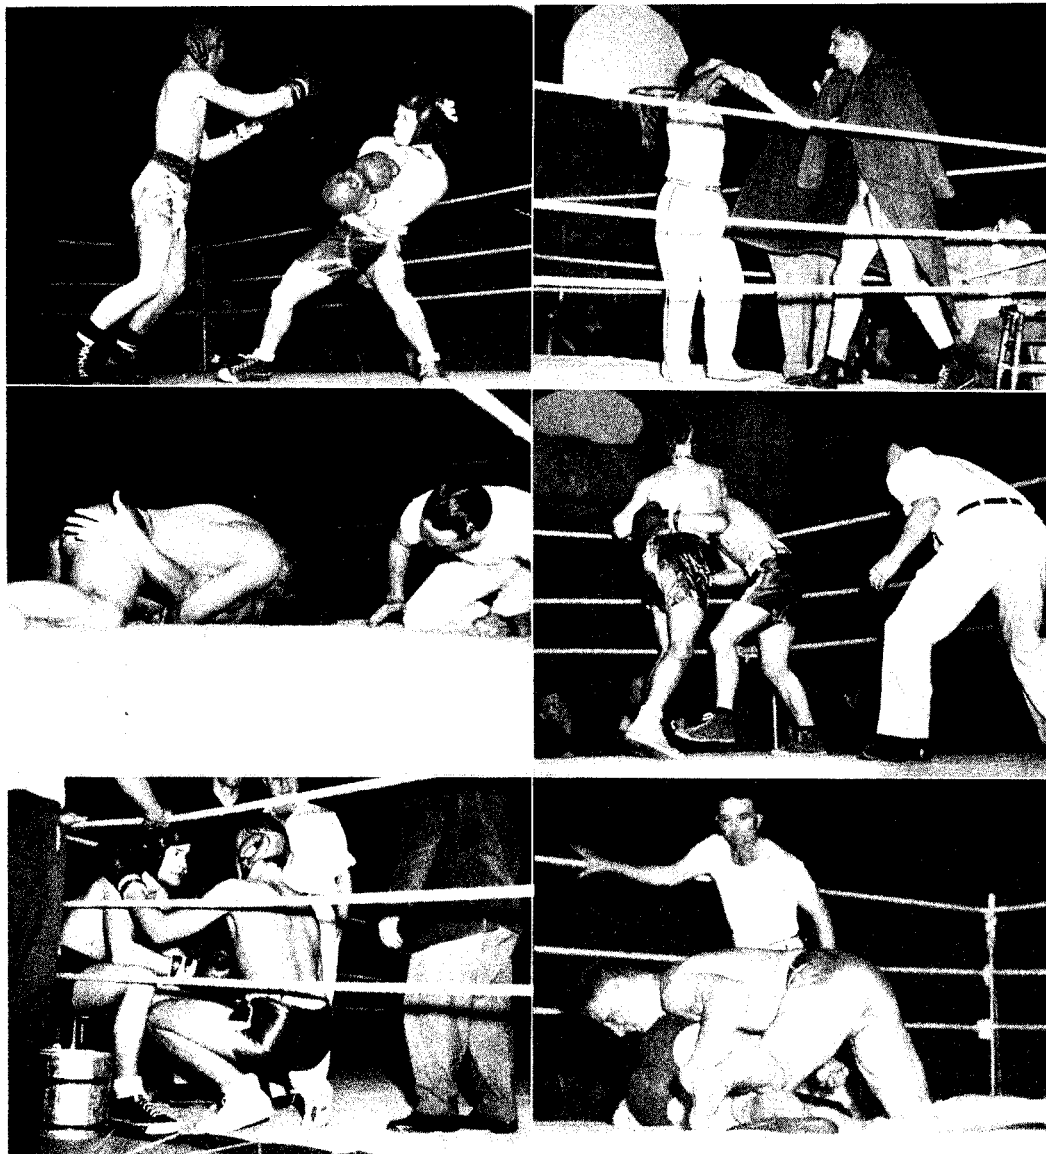

CUBS IN ACTION

ASSAULT - AT - ARMS

BACK ROW: HARVEY TELFORD, DAVE LANE, LOUIS GAZDARICA, SAM WISHOFF, RANDALL MURRAY.
FRONT ROW: BOB SNIDER, RUSS KRAUSERT, HERMAN DORIN, MIKE SHYSH, ERNIE DOMSHY, LARRY SHELTON.

Climaxing the year for the boxers and wrestlers was the annual assault at arms night in the Varsity gym. With competition keen, a fine display was put on. Alberta boxers took the Dean Howe team award on points. Winners for Alberta were Harvey Telford, featherweight; George Mazurenko, lightweight; and Louis Gazdarica, middleweight.

Wrestling also came out on top for Alberta, winning the Dr. Rawson team award by taking four of the six bouts.

Alberta winners were:

Ernie Domsby, welterweight; Russ Krausert, middleweight; Herman Dorin, light-heavyweight; and

Mike Shysh, heavyweight.

ARCHERY CLUB

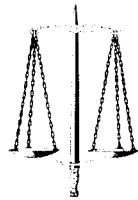

President *Bob Balderson*

Secretary *Joy Warner*

Anyone brave enough to enter the Drill Hall any Thursday night saw the Archery Club during one of its most successful seasons. Practices were held under the direction of President Balderson and towards the end of the season, efforts to score a "bull" were increasingly successful. During February a tournament was held with the Edmonton Archers in which the Edmonton Club were victors, but only after a tight struggle.

Next year with an increased membership, the club hopes to hold more tournaments, thus improving the calibre of marksmanship.

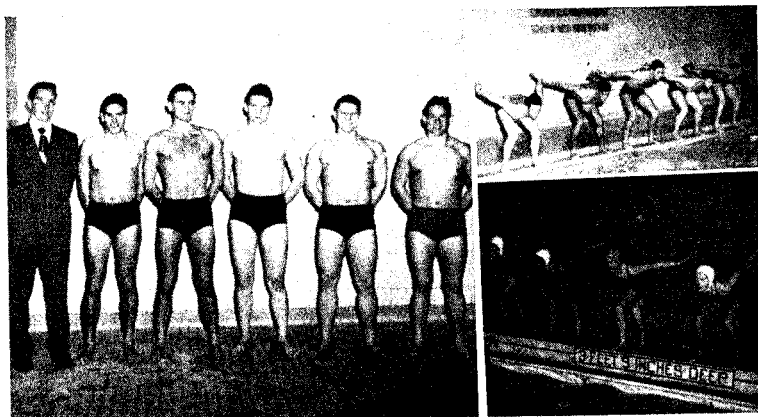

INTRAMURAL BASKETBALL

Back row left to right: Dave Donaldson, Ralph Evans, John Dewar, Geoff Mortimer, Costa Chrysanthou, Darol Wigham.

Front row left to right: Chuck Shaul, Andy Whyte, Frank Starratt.

SWIMMING

Left to right: Denny Duggan, Bill Beacom, Bill Conroy, Gordon Duthie, Trey Fregren, Peter Epp.
Missing: F. Starratt.

All Together

President T. Fregren
Vice Pres. F. Starratt
Sec. Treas. P. Epp

Under the capable coaching of Al Alleck, the Swimming Club recaptured from the Saskatchewan team, the Griffith trophy, emblematic of Western Canadian Intercollegiate Swimming supremacy. The efforts of the club, including T. Fregren, G. Duthie, B. Conroy, D. Duggan, B. Beacom, F. Starratt, and P. Epp, thus paid off for Alberta for another year.

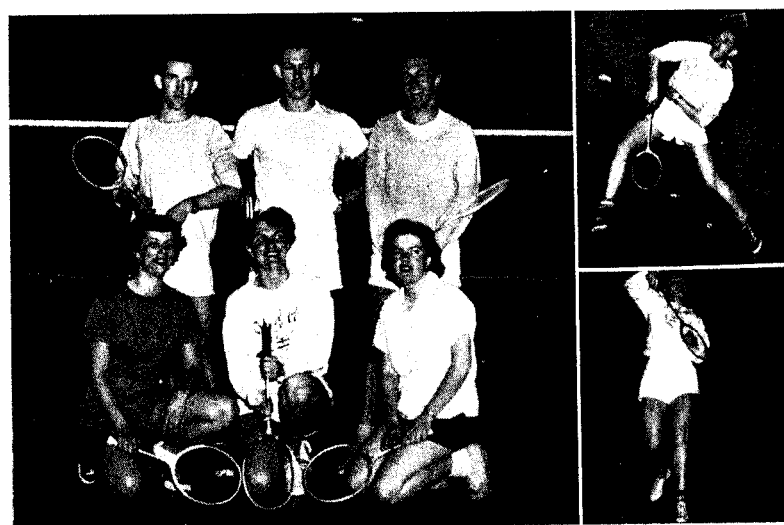

BADMINTON

President Henry Publicover
Vice Pres. Peter Willson

The University Badminton Club had a very successful year with regard to regular club play, the club tournament and intervarsity play against U. of S. Among other things, interclub nights with various other city clubs were introduced, proving very popular.

U. of A. representatives in intervarsity competition were Shirley Wilson, Jolly Smart, Georgean Hirst, Grahame Lebourveau, Peter Willson, and Hank Publicover. Saskatchewan still retains the Walker Trophy, but the club's hopes are high for a victory in the next year.

Front row left to right: Jolly Smart, Georgean Hirst, Shirley Wilson.

Rear row left to right: Grahame LeBourveau, Hank Publicover, Peter Willson.

SKIING

ALBERTA SKI TEAM

The Ski Team, coached by Bruno Engler, entered the alpine events (i.e. downhill and slalom) in the Intercollegiate Ski Meet held at Banff this year. Unfortunately unfavorable Edmonton snow conditions plus bad luck caused the team to fare somewhat worse than the members had anticipated.

With the excellent experience and material, though, next year should see better results.

The sixth year of the Curling Club saw 250 members in the "rip-roaring" game. Scarcity of ice caused the Draw Committee a few headaches but no complaints were heard. Men's and women's events in Saskatoon proved somewhat disastrous for our side but in spite of this, the fun experienced this year assured the continued success of the club.

Your Goal Achieved

Our hats are off to the Directorate of the Evergreen and Gold for 1952. Our congratulations go to those whose super-organization and untiring efforts have produced a year book, on time, still maintaining a quality of production unsurpassed.

The task of compiling thousands of student pictures, at the same time coordinating copy writing is no mean task. You of the E & G staff can feel proud of your achievement in publishing this fine permanent record of your year at the University of Alberta.

It has been a great pleasure to work with Housez Limited, knowing that we of Commercial Printers have been part of a team, successful in a job well done.

We are happy to feel that we have played our part in achieving your goal for 1952.

EDMONTON

The 1952 Evergreen & Gold

year book of the University of Alberta was produced by Housez Limited.

This volume XXXII stands in a class by itself by virtue of the fact that for the first time in twelve years Evergreen and Gold has truly fulfilled its obligation. It has been produced and distributed prior to Spring Convocation. This has been no simple task and should stir those who have repeatedly said that it could not be done.

May we pay a well deserved tribute to its Director, Mervin Leitch, upon whose capable shoulders the responsibility has been borne, in addition may we respectfully observe, to his final year in Law. Well done, Mr. Leitch, without your sincere effort and understanding co-operation this could not have been accomplished.

To the Students' Council, may we take this opportunity of expressing our appreciation for faith placed in us.

Best Wishes to the 1952 Graduate

Edmonton, the Gateway to the North, is located in the centre of Alberta, surrounded by rich farm land, vast coal and natural gas reserves, as well as an ever enlarging oil industry.

Railways, highways and air routes branch in every direction from this city to provide all the necessary transportation and communication for its increasing number of commercial and industrial enterprises.

Edmonton is well equipped educationally, for besides the University of Alberta, it has fifty-six schools for primary and secondary education and for the industrial arts.

Edmonton invites you to take advantage of its many opportunities and link your future with that of this ever enlarging centre.

Progress

This company believes that the greater the use that is made of electric power in Canada the higher will go our national standard of living and lower will go the costs of producing goods of every variety.

It is this belief, held now for nearly sixty years, that has determined the Company's unwavering policy—to produce more goods for more people at less cost.

Canadian General Electric is proud to be playing a part in the ever-growing electrical development of our country.

New Methods

- DOUBLE THE GROWTH
- INCREASE THE FEED VALUE
- TREBLE THE MILK AND MEAT OUTPUT OF CANADIAN HAY FIELDS

The farmer of a generation ago would hardly believe his eyes if he could see the bumper crops being grown by new methods in today's hay fields. Yes, and modern farm machines, like the forage harvester above, have made possible new methods of harvesting hay to retain its green, succulent, vitamin-rich qualities. It adds up to a much greater output of milk and meat per acre of land . . . increased prosperity for farmers . . . a more bountiful supply of healthful foods for consumers.

Education - The Key To Progress

Your right to know is the door to a better economic, social and cultural life; and education is the key to that door.

It is the function of the Department of Education to keep abreast of modern trends in education, discarding impractical or outdated methods and ideas, in favor of standards and achievements to enable young people to take their place in society, confident in their own abilities and able through training to attain their goal.

Activities of the Department of Education include: development, operation or supervision of:

SCHOOL DIVISIONS: Large school divisions have been organized for efficiency of operation, to provide pupils with better facilities and to promote uniformity of opportunity for all. To each is appointed a superintendent to assist and advise trustees and teachers.

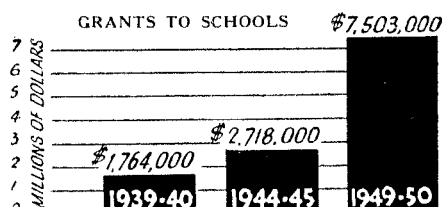

TEACHER TRAINING: Teachers are trained at the University of Alberta. A Board of Teacher Education and Certification advises the University and the Minister. Teacher qualifications have been substantially raised in recent years. To assist school boards in the establishment of a Teacher Retirement Fund substantial contributions are made amounting in 1950-51 to \$550,000.

AUDIO-VISUAL AIDS: This branch of the Department has built up a large library of sound films, silent films, filmstrips and slides available for classroom use, free. These cover a variety of topics in the Alberta School Curriculum. Circulation last school year exceeded 32,000 items, chiefly films.

CORRESPONDENCE SCHOOL BRANCH: This branch takes education to children in remote areas and those physically unable to attend regular schools. It also serves schools without teachers, and adults seeking self-improvement. Courses include full academic subjects, business law, bookkeeping and shorthand.

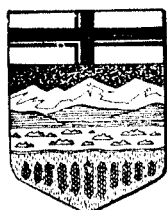

SPECIAL EDUCATIONAL SERVICES: Deaf and blind children are educated in special schools substantially free of charge. Special classrooms for children with defective vision, impaired hearing and other handicaps are generously supported. The Department also operates the Institute of Technology and Art in Calgary, the Nurses' Aides School, the Health and Recreation Program, and various projects under Canadian Vocational Training.

SCHOOL BOOK BRANCH: During its period of operation this branch has distributed over six million school books, either free or at a minimum cost.

AVERAGE SALARY OF TEACHERS EMPLOYED BY SCHOOL DIVISIONS: 1939—\$812; 1949—\$2127.

COST OF PUBLIC SCHOOL EDUCATION PER CHILD: 1939—\$59; 1949—\$143.
